Dear Parent/Carer

Captains' Challenge 2018

The annual Captains' Challenge for this year has now been launched and we encourage all young people within the school to get involved. The theme this year has been adopted from the Scottish Government scheme to make 2018 the **Year of Young People**. This allows the personalities, talents and achievements of Scotland's young people to be recognised in Health and wellbeing; Education; Enterprise; Equality; Culture and Participation.

Pupils have been shown a presentation within their Form Classes outlining this year's challenge. (You can see the presentation by clicking [here](#).)

We have already started to Tweet videos (@LHSCaptains) with information for pupils on how they can get involved and also describing the six sections of the overall challenge.

Once a pupil has completed a section within the challenge, they should record what they have contributed to this section on a Google form document, the link to which is [here](#). All pupils know how to (and have their own username and password) log on to Google classroom and therefore complete the form.

The Captains will be visiting all Form Classes to answer any questions pupils may have on the challenge and also to encourage pupils to get involved.

Our Captains' Challenge is not mandatory for pupils, but we would really like as many pupils as possible to take part. Pupils do not have to do something new and can get recognition for something they are already involved in or have achieved. Pupils do not require to complete all six sections. There will be small prizes throughout the course of the upcoming months and a final prize to be awarded at Prize Giving.

The Captains would like to thank you for your support and ask that you encourage your child to get involved!

Yours sincerely

Larbert High School Captains
